

# Waste Education Services

## Recycling Bin Suppliers

Last updated: 15 January 2014

This document provides details of suppliers of indoor and outdoor recycling bins and accessories. The document is focused on the needs of commercial operations but could be applicable to households and schools. The latest version of this document is available on the WES website [www.wes.org.nz/business-resources](http://www.wes.org.nz/business-resources).

Inclusion in this document does not confer any preference or recommendation, suppliers are listed alphabetically. Other suppliers can be added into the document by contacting the WES team on 03 545 9176 or at [info@wes.org.nz](mailto:info@wes.org.nz).

Most bin suppliers also provide recycling labels. However they can also be downloaded free of charge from the WasteMINZ website at <http://www.wasteminz.org.nz/pubs/ronz-symbols/>.

The Glass Packaging Forum has produced a guide for the installation of external recycling bins. This is available from the LoveNZ website <http://www.lovenz.org.nz/>

### **A.E. Tilley**

Head office – Wellington

Telephone: 04 387 7009

Email: [saleswgt@aetilley.co.nz](mailto:saleswgt@aetilley.co.nz)

Website: <http://aetilley.co.nz/>

Provide custom made exterior and interior public bins.

### **Bishop Interiors**

Christchurch

Telephone: 03 377 3729

Website: <http://www.bishopinteriors.co.nz/>

Provide standard and custom made bins.

### **Calvert Plastics Ltd**

Wellington

Telephone: 04 567 7877

Email: [info@calvert-plastics.com](mailto:info@calvert-plastics.com)

Website: [www.calvert-plastics.com](http://www.calvert-plastics.com)

Calvert Plastics Ltd produce bin lids to facilitate waste separation as well as other plastics products. Goods manufactured in New Zealand. An example of their bin lid is (recycling labels are available):

## Earth Angel

Telephone: 09 834 0699

Email: [info@earthangel.co.nz](mailto:info@earthangel.co.nz)

Website: <http://www.earthangel.co.nz/>

Earth Angel stock a range of items to help the community become sustainable including the Urba range of bins.

## Easy Recycling

Telephone: 03 974 7111

Email: [info@recyclingbins.co.nz](mailto:info@recyclingbins.co.nz)

Website: <http://www.recyclingbins.co.nz/>

Provider of a variety of bins and solutions for the office, household and hotel.

## Ecopods

Telephone: 06 845 4585

Email: [info@ecopodsnz.co.nz](mailto:info@ecopodsnz.co.nz)

Website: [www.ecopodsnz.co.nz](http://www.ecopodsnz.co.nz)

Ecopods are the NZ distributors for EcoDepo. Made from recycled plastic, the pods can be free standing or wall mounted. They use jumbo-sized biodegradable bags that are colour-coded and reusable. The stands are made from powder-coated steel. Recycling labels are available on request.

The biodegradable bags that are supplied take a long time to be composted (up to 4 to 5 years). They are 50 microns thick to ensure they are strong enough to hold up to 15kgs. They can be reused and they do break down in landfill.

### **FEL Group**

Telephone: 09 526 5660

Email: [sales@felgroup.co.nz](mailto:sales@felgroup.co.nz)

Website: <http://streetfurniture.co.nz/>

Manufacturer of street recycling bins and enclosures. They have provided bins for LoveNZ installations.

### **Friendlypak**

Auckland and Wellington

Telephone: 0800 ReThink (738 446)

Email: [sales@friendlypak.co.nz](mailto:sales@friendlypak.co.nz)

Website: <http://www.friendlypak.co.nz/>

Friendlypak products contain renewable and sustainable resources and are guaranteed not to last... After use they can be composted and returned to the earth, called Cradle to Cradle, saving landfill and enhancing our environment. Friendlypak provide biodegradable and compostable bags and films made from GMO free certified corn. They also provide the bins for collection of organic food waste – for use in the kitchen, desk or elsewhere. The bins are lined with their BioBag and the bin some are ventilated to allow the waste to 'breathe' which reduces the weight of the scraps. The whole bag can be put into your compost when full and the bag will be 99% composted within 90 days. They also provide stackable bins. Bins are also available for hire for events.

### **Independent Bin Supplies**

Auckland/Christchurch

Free phone: 0800 214 549

Email: [sales@wheeliebins.co.nz](mailto:sales@wheeliebins.co.nz)

Website: [www.wheeliebins.co.nz](http://www.wheeliebins.co.nz)

Independent Bin Supplies mostly provide wheelie bins, but also provide recycling bins and park bins. All bins are made from virgin materials and manufactured in Australia or Europe. They also have spare parts for all their bins.

### **McFarlane's Fibreglass Engineering Ltd**

Dunedin

Telephone: 03 471 0623

Manufacturers of glass bottle bank – they are being used in some LoveNZ installations.

### **Metal Art**

Auckland/Christchurch

Free phone: 0800 214 549

Email: [sales@wheeliebins.co.nz](mailto:sales@wheeliebins.co.nz)

Website: [www.metalart.co.nz](http://www.metalart.co.nz)

The bins can be personalised and they have a variety that have been used for LoveNZ installations.

### **Metal Concepts Limited**

Onehunga, Auckland

Telephone: 09 636 7345

Fax: 09 636 7321

Email: [steve.p@metalconcepts.co.nz](mailto:steve.p@metalconcepts.co.nz)

Made in New Zealand, Metal Concepts Limited produce metal (stainless steel, zintec or aluminium) recycling bins/enclosures for public recycling areas. Some designs can act as enclosures around standard wheelie bins to ease the emptying process.

### **Mouldings Unlimited**

Warkworth

Telephone: 06 326 8888

Email: [gary.king@mouldingsunlimited.co.nz](mailto:gary.king@mouldingsunlimited.co.nz)

Website: <http://www.resourcerecovery.co.nz/>

A variety of bins available including a new concept designed for use in hotel rooms, offices and classrooms. Manufactured in recycled cardboard with a plastic coating on the inside with optional internal plastic tray

for spill containment available. Can be branded for material separation: glass, paper, plastics, cans etc.

## Northland Waste Ltd

Warkworth

Telephone: 09 425 8567

Email: [grant@northlandwaste.co.nz](mailto:grant@northlandwaste.co.nz)

Website: <http://www.northlandwaste.co.nz/moloks.html>

Suppliers of Molok® - large outdoor public bins with 60% of the container being below ground. Consideration needed on how the bin is to be emptied but they save space and reduce collection frequency due to their size.

Molok® at Auckland University

## Pioneer Waste & Recycling Equipment

Whangarei

Telephone: 09 437 5411

Email: [sales@pioneergroup.co.nz](mailto:sales@pioneergroup.co.nz)

Website: <http://pioneergroup.co.nz/>

Provide solutions for outside and inside.

## Plasback

Christchurch

Free phone: 0508 338240

Website: <http://www.plasback.co.nz/urba-series>

Manufactured by Sartori Ambient – made in Italy.

Plasback market the Urba range of bins made from recycled or recyclable Polypropylene (PP) or Polyethylene (PE). The range includes the Urba Plus that are stackable bins as well as standalone bins and an enclosed kitchen caddy for food waste collection. Examples are:

The compostable bags meet European Standard EN 13432.

### Port Nicholson Packaging

Lower Hutt

Telephone: 04 568 5018

Email: [sales@pnp.co.nz](mailto:sales@pnp.co.nz)

Website: [www.pnp.co.nz](http://www.pnp.co.nz)

Made in New Zealand, Port Nicholson Packaging provide fluteboard (fluted polypropylene) recycling bins that are themselves recyclable, for schools or businesses and can customise bins to suit any requirements.

### Ravenwood Products

P.O. Box 3453, Napier,

Free phone: 0800 610 610

Website: [www.ravenwood-products.co.nz](http://www.ravenwood-products.co.nz)

Bins are made in New Zealand from recycled plastic. They are made to be outside and are animal and weather proof and UV protected. They have smaller bins suitable for households as well as the larger ones. Examples of their bins are:

## SULO Talbot

Telephone: 09 968 2180

Website: [www.sulo-talbot.co.nz](http://www.sulo-talbot.co.nz)

SULO Talbot manufactures (in New Zealand) a range of waste and recycling containers including Mobile Garage Bins (MGB), office recycling and organic waste bins. A typical wheelie bin manufactured by the company contains up to 35% of recycled plastic. Very configurable, plenty of artwork available to match the use.

## TooGood Environmental

Phone 09 369 1199

Email: [enquiry@tgenviro.co.nz](mailto:enquiry@tgenviro.co.nz)

Website <http://www.tgenviro.co.nz/>

TooGood Environmental offers a range of indoor and outdoor recycling bins from the Nexus™ range which encourage efficient waste collection and help prevent cross-contamination of recyclable materials. All bins can be corporately branded, and each outdoor bin offers added vandalism and fire resistance options. The bins contain between 40% and 100% recycled materials.

## Total Bin Suppliers

Telephone: 0800 835 725

Website: [www.totalbinsupplies.co.nz](http://www.totalbinsupplies.co.nz)

Total Bin Suppliers retail a range of coloured bins including wheelie bins and recycling bins. All bins are made from virgin materials. Examples of their recycling bins are:

## **Tru-Tech Fibreglass Industries Ltd**

Napier

Phone 06 8435 137

Email: [Sales@tru-tech.co.nz](mailto:Sales@tru-tech.co.nz)

Website: <http://www.tru-tech.co.nz/>

Bintainers have been used in LoveNZ installations as glass bottle banks or recycling/waste stations. Signage/colours to suit.

## **For further information on commercial recycling in the Nelson/Tasman region contact:**

Waste Education Services

Tel: 03 545 9176

Email: [info@wes.org.nz](mailto:info@wes.org.nz)

Website: [www.wes.org.nz](http://www.wes.org.nz)

Waste Education Services (WES) is a free programme for schools (in Nelson) and businesses (in Nelson and Tasman) funded by Tasman District (TDC) and Nelson City (NCC) councils.

It offers information and education to assist schools and businesses to reduce the amount of waste going to landfill. TDC and NCC provide this service through a contract with the Nelson Environment Centre (NEC). A team of waste educators are working with schools and businesses to set up or provide advice on systems to Reduce, Re-use and Recycle their waste.
